How are you and other schools across the world using Elluminate today?

Schools and Local Authorities all over the world are seeing the amazing teaching, learning and business benefits with Elluminate.

The Elluminate PlusPack allows you to have online, real-time meetings and lessons with video, audio, shared whiteboard and more.

In session for 13 minutes.

>> fronter

This simple Fronter enhancement will save you time and money, expand your learning opportunities and bring your extended community closer together. Here are some examples:

Parental Engagement

- Involve parents in school activities by giving them the ability to meet together online in real-time.
- Host evening online drop in sessions without having to keep the school open.
- Have short meetings with parents without taking them out of work or home.

Remote Learners

- Provide rich, engaging, real-time, interactive lessons to remote diploma students.
- Engage with schools across the world to take part in collaborative projects.
- Enable sick or remote students to engage live in the classroom.

Internal and External Communications

- Save time, money and CO2 by having online meetings.
- Keep Governors, Business Partners and the LA engaged on a regular basis.
- Hold short, non-disruptive whole-staff INSET, SMT meetings and assemblies.

What are some of the key features every single member of your school or LA will get with the Elluminate PlusPack?

Record and Playback any session

- Record staff sessions and meetings for compliance.
- Record parent evenings for absent families.
- Record lessons for absent students.

Application Sharing and Webtours

- Train parents live on Fronter and other school applications.
- Share interactive whiteboards with other schools.
- Train staff on new ICT systems.

Desktop Video Conference

- Have engaging and efficient one to one meetings with Parents.
- See, hear and speak with partner schools across the world.
- Bring remote governors and community partners together face to face.

Enabling your school with these exciting features is as simple as flicking a switch. We'll do all the work for you with absolutely no disruption to your service or staff. Elluminate also provides you and your staff with unlimited free training to help you make an impact.
